Brand New Book ***** Print on Demand *****.Excerpt from Examples in Differential and Integral Calculus: With Answers and Diagrams This collection of Examples in the Calculus, which was made by the late Mr. C. S. Jackson, should have been published in 1917. Mr. Jackson's sudden and regrettable death in October 1916 caused the publication to be delayed till after the War. The book is hampered by having to be put through the press by other hands than the author's. A great many of those examples which can be classed as problems were constructed by Mr. Jackson himself in connection with his work at the Royal Military Academy, Woolwich, and the many public examinations in which he took part. Many of them are very neat applications of the Calculus to practical problems, and it is hoped that these will prove particularly useful to teachers who require, in their work, a number of examples which are not mere Algebraical manipulations. Many books on the Calculus treat the subject chiefly as an extension of Algebra and Analytical Geometry. This collection should be a useful supplement to such books. A great deal of trouble has been taken to ensure accuracy in the Answers. Mr. A. M. Grundy has helped me very much in this matter, and most of the examples have been worked independently by us both.
