

Our Debt to Insects (Paperback)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

OUR DEBT TO INSECTS (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****.Charles Grant Blairfindie Allen (February 24, 1848 - October 25, 1899) was a Canadian science writer and novelist, and a successful upholder of the theory of evolution. He was born near Kingston, Canada West (now incorporated into Ontario), the second son of Catharine Ann Grant and the Rev. Joseph Antisell Allen, a Protestant minister from Dublin, Ireland. His mother was a daughter of the fifth Baron of Longueuil. He was educated at home until, at age 13, he and his parents moved to the United States, then France and finally the United Kingdom. He was educated at King Edward s School in Birmingham and Merton College in Oxford, both in the United Kingdom. After graduation, Allen studied in France, taught at Brighton College in 1870-71 and in his mid-twenties became a professor at Queen s College, a black college in Jamaica. Despite his religious father, Allen became an agnostic and a socialist. After leaving his professorship, in 1876 he returned to England, where he turned his talents to writing, gaining a reputation for his essays on science and for literary works. One of his early articles, Note-Deafness (a description of what is now called amusia, published in 1878 in the learned journal Mind) is cited with approval in a recent book by Oliver Sacks. His first books were on scientific subjects, and include Physiological AEsthetics (1877) and Flowers and Their Pedigrees (1886). He was first influenced by associationist psychology as it was expounded by Alexander Bain and Herbert Spencer, the latter often considered the most important individual in the transition from associationist psychology to Darwinian functionalism. In Allen s many articles on flowers and perception in insects, Darwinian...
