SHADOW ARCHITECT (PAPERBACK)

Copper Canyon Press, United States, 2008. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Emily Warn is one tough poet. . . . She not only takes on God but also juggles the hot coals of memory and wrestles her way to an honest spiritual life. -- The Seattle Times Warn has created a serious meditation on Jewish prayer and cosmogony, in lyrical prose and in accessible verse, a book that belongs not only on poetry shelves, but amid other Judaica and books of prose and verse on religious themes. -- Publishers Weekly . . . a sincere exploration of spirituality and the line between the abstract and the concrete. -- Library Journal How are words made, and how do they derive power? Shadow Architect channels this power not only through word but through image: each poem begins with an illumination of a Hebrew letter. Within the set boundaries of this alphabet, Warn generates a rich polyphony, uniting her own distinctly American poetics with the language of sacred texts and commentaries. The result is an alluring, postmodernist take on how language means: an architecture not only of shadows, but of correspondences, analogies, clues, / binaries, metaphors, keys. To invent the alef-beit, decipher the grammar of crows, read a tangle of bare branches with vowels of the last leaves scrawling their jittery speech on the sky s pale...
