Brand New Book ***** Print on Demand *****.What really happened to Malaysian Airlines Flight MH370? Author John T. Cullen unleashes an imaginative wake-up call against complacency. Here is a plausible, scary, fact-based theory that avoids crackpot conspiracies while delivering a chilling what if thought experiment. Yes, it is possible that the plane met with a tragic accident and fell into the sea--but the circumstances of its vanishing are so bizarre that we must think outside the box and suspect a diabolical plan by the terrorists who caused 9/11 and other assaults on civilization. The default premise is that Malaysian Airlines Flight MH370 (fictionalized here as Flight 777) was taken by terrorists, will be weaponized, and will be used against the West in the most spectacular terrorist attack to date. The story never takes its eye off its entertainment mission, while delivering a battery of plausible, hair-raising scenarios - culminating in a cliff-hanger climax you guaranteed will not see coming. A vacation in paradise becomes an adventure in hell for Jack Dorsey and his deeply covert Team Gray troops. Returning from a top secret mission in the Middle East, the men enjoy a few innocent days of RR with their young wives on a remote, tropical Malaysian island - just hours before being hurled into aviation history s darkest mystery. The circumstances of the plane s disappearance are too suspicious to ignore. Even more ominously, the presumed hijack comes just before the anniversary of Osama bin Laden s May 2011 death during capture by U.S. Navy SEALs in Pakistan. Forensically, talk about motive (revenge), opportunity (a rich choice of horrifying targets), and means (the hijacked airliner). In particular, think about method. This enemy often uses...
