

Freud's Lost Chord: Discovering Jazz in the Resonant Psyche

Filesize: 4.12 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Michael Spinka)

FREUD'S LOST CHORD: DISCOVERING JAZZ IN THE RESONANT PSYCHE

DOWNLOAD

Karnac Books. Paperback. Book Condition: new. BRAND NEW, Freud's Lost Chord: Discovering Jazz in the Resonant Psyche, Daniel Sapen, 'This is a timely and important book on the relationship of psychoanalysis and music. Its strength derives from Sapen's command of both fields. Using psychoanalytic theorists such as Bion, Winnicott, Loewald, Meltzer, and Rycroft, Sapen maps a rich concept of the unconscious as creative process. He then applies that concept to jazz, with special attention to the great work of Miles Davis and John Coltrane. Previous psychoanalytic studies of music have focussed on classical music. Sapen makes out a brilliant case for jazz as the musical idiom that offers the richest possibilities for an art capable of exploring the dynamics of the unconscious. The book shimmers with fresh insights, both into psychoanalysis and into music. A seminal work.'- Walter A. Davis, Professor Emeritus in the Department of English at Ohio State University.'A wonderful exploration of the interface and intermingling of music and psychoanalysis. Sapen, a therapist-musician, brings out what music can do for psychoanalysis, not just what psychoanalysis can say about music. Music informs psychoanalysis, plays a role in rhythms of resonance and response, and much more. Jazz lovers will not want to miss what he says about Coltrane and Miles. Relational therapists will appreciate his amplifications of Steven Knoblauch, another psychologist-musician. Sapen spans a rich panoply of psychoanalytic writings, including Winnicott and Bion, to mine valuable threads in which music and psychoanalysis meld. Sapen's sense of beauty and rhythm touch many chords.'- Michael Eigen, author of Contact with the Depths and Kabbalah and Psychoanalysis'I am dazzled by how well Sapen articulates the subtleties of the analytic process and its purposes, and into the nature, technical aspects, and multidimensional dynamics of improvisational music and their relevance to the question of emergent consciousness....
